

Low Cost OEM Utility Pressure Gauges

U-OEM

Utility Pressure Gauge, Type U-OEM

General Information

Through our global network of manufacturing partners, ITI can produce high volume, low cost bespoke gauges for OEM's, Machine Builders and other Gauge Manufacturers/Stocklists. Our manufacturing partner in China has an annual production capacity of 5 million units, so we can meet your demand, however large.

Specification

All types and configurations of gauges can be produced for you

Dry, glycerine filled, brass wetted parts, stainless steel, plastic case etc.

Please look at the Utility Gauge section of our web site - www.itik.com

If you cannot see what you need, or need further help, email to sales@itiuk.com

Dial Design

Dials are designed to your own requirements and the work is carried in house by our own trained staff in Manchester UK

If you are not sure what you require, just send us your logo/layout and we can suggest a few designs for you to choose from

Delivery

Normally 12/14 weeks from approval of dial layout (seafreight)

Airfreight shipments at extra cost can be arranged

Min Order Quantity

1000pcs

Quality

Quality is assured

All gauges are manufactured under an ISO9000 Quality Management System

The supply of these gauges also come within our own ISO9000 QMS

ITI has more than 25 years of experience in sourcing such products and was a pioneer in importing low cost gauges for the UK/EU market

Please go to our website and take a look at the video of our manufacturing partner in China
