

General Information

Fabricated resistance temperature detectors available with a wide range of terminations such as lead wires, plugs or industrial head assemblies to suit a wide variety of applications

Description

This range of Fabricated RTDs are ideal for heavy duty & industrial applications due to the range featuring High pressure flanges, IP rated weatherproof industrial heads, process connections and safe area transmitters. Fabricated RTDs are also available with various types of Industrial head assemblies and safe area transmitters for an extensive range of applications. As with all of our range these sensors can be manufactured to your exact requirements

Stock/Delivery

Ex-Stock

Features/Benefits

UK/EU Manufactured
Available in Pt100 or Pt1000
Bespoke manufactured options
Simple to replace for plant efficiency

Applications

Furnaces
Heat Treatment
Water Treatment
Machinery

Ordering Information, Configurations

- Individual specification sheets and drawings available
- Please email your enquiry or sketch to sales@itiuk.com

Technical changes, replacements of material and printing errors excepted
